

CASCADE CARNIVORES

CARNIVOROUS PLANT NURSERY

Newsletter September 14, 2006

In this issue:

- Added Features on the Website
- Plants on sale!

Added Features on CascadeCarnivores.com

New pages have been added to our website. Newsletters, such as the one you are reading, have been given a new home. The current issue, and all back issues, is available with a mouse click. For those of you new to growing and caring for carnivorous plants, our Care Sheets pages are provided to get you started. These are designed to help you 'hit the ground running', and avoid common mistakes. They are not intended to replace the excellent, and much more detailed resources available on the web and in books. We have provided links to some of these as well. Have a look at the newsletters and care sheets. You will find them in the Information box in the right column of our home page, [here](#).

Plants on Sale!

At this time of year, we find that we have overstocked several of our plants. Therefore we are able to offer you special prices on these for a limited time only. I would like to direct your attention to this feature of our website, the Specials page. To go directly to the Specials page, [click here](#). Currently, special prices are available on the following species:

[Pinguicula agnata 'True Blue'](#)

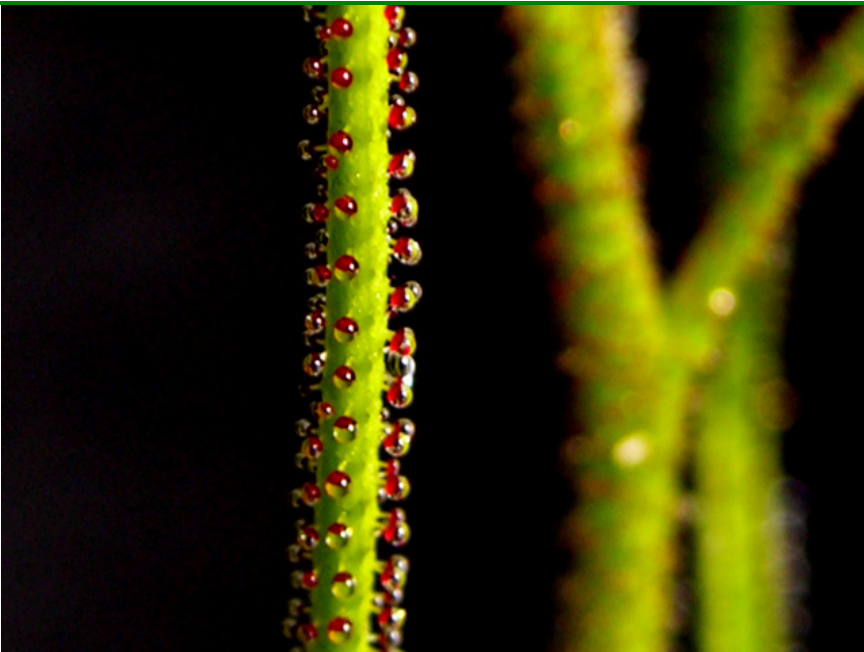

[Pinguicula
sp 'Köhres'](#)

[Pinguicula
macrophylla](#)

[Pinguicula moranensis var orchidioides](#)

[Drosophyllum lusitanicum](#)

Thank you for your continued interest and support!
